Describe Change in Size of Window:				

**Failure to send permit application and required fee prior to work being commenced will result in the assessment of a fine up to 200% of the original permit fee at the discretion of the Building Official.**

It is the responsibility of the signing party to enter into an agreement with the City and provide security for the agreement that provides a time certain for completion of the project. I understand that a change in window size may result in the need for a remodel permit in place of a window replacement permit. I understand that this permit becomes null and void if the authorized work is not commenced within and an inspection is not requested in 180 days. I understand that the granting of this permit does not give authority to violate the provisions of any state or local law regarding construction and that governing ordinances will be obeyed.
